

E.L. Foust Co., Inc
Research and Reliability in Air Purification
Since 1974
Spring Newsletter 2009

Letter from the President

It's Spring time, and that can only mean one thing, ALLERGIES!!! What's better than an E.L. Foust air purifier for those tough days?

E.L. Foust Co., Inc. is dedicated to providing products and services that help you live a healthier life. If you refer someone to us you will receive a 10% discount coupon toward your next purchase.

E.L. Foust is happy to announce that they will be carrying newer products from Tripp Lite. We have sold some of their products for years, with great success. We will be expanding the product line for the good our air purifiers and our customers.

Many of our customers have been calling and asking us about AFM's head and body shampoo ingredients. This is a direct quote from one of AFM's representatives: "This was just a labeling change made based on advice from the FDA facility in which the product is packaged, and did not represent a change in how the product was manufactured, as it is exactly the same as it has always been."

We are sorry for the inconvenience.

We have tried to stress the importance of returning your used cartridges, and we even supply free return shipping labels to facilitate these returns. In helping us you will receive a \$15 refund for your used cartridges.

HAVE A SAFE AND HEALTHY SPRING
-Joe Muchow, President

AIR PURIFIER OF THE QUARTER

Foust Series 400 with a stainless steel cabinet has a rugged exterior finish which will protect against daily scratches, nicks, and bumps which typically happen to any household or office equipment. The attractive modern look is ideal for the home or office and will remain strong for years to come. This unit features the same filter options as our powder coat finish models. It is the perfect air purifier for the chemically sensitive. Independent testing has shown these purifiers will remove VOCs, chemicals, odors, fumes, smoke, bacteria, pollen, allergens, formaldehyde, ozone and many other pollutants. Recommended by doctors, internationally, for their patients that suffer from allergy, asthma and chemical sensitivity. Used in offices, schools, homes, and any place indoor air quality is a problem. High quality, 2 speed squirrel cage motor/blower, assures you of getting the cleanest air possible with the minimum level of noise. A UV light can be added as a option.

**Weight: 55 lbs
Dimensions: 13.5" x 13.5" x 32"
Price: \$ 909.00 plus shipping**

TRIPP LITE

Tripp Lite's comprehensive product line and service network have evolved over a span of more than 85 years. Established in 1922, Tripp Lite originally manufactured automotive accessories, including a line of inverters. While inverters are still part of Tripp Lite's offering, Tripp Lite, driven over the decades by the evolving needs of its customers, has shifted the focus of its offering onto power protection and connectivity products. As an early innovator in the power protection industry.

E.L . Foust has been working with Tripp Lite for 30 years. We have been selling DC/AC Converters that are great for your Auto and Desktop Air Purifiers. We recently added a new product from Tripp Lite, the SUPER7TEL a Surge Suppressor with heavy grade AC surge suppression shields connected equipment from damage and performance problems due to transient surges. This will help our Air Purifier motors last longer.

Tripp Lite's SUPER7TEL surge suppressor offers complete AC and phone line surge suppression for comprehensive protection of workstations, desktop PCs, telecom systems and other sensitive electronics. Set of RJ11 telephone line suppression jacks protect dialup and DSL modem lines, fax machines, cordless phones and more. SUPER7TEL offers 7 total outlets, 7 foot cord with space-saving angled plug and diagnostic LEDs to warn of wiring problems and suppressor damage. Heavy grade AC suppression rated at 2470 joules shields equipment from surges and line noise.
