Research and Reliability in Air Purification Since 1974

Fall Newsletter 2008

## It's time to change your clocks, and also time to change your furnace filters!!!!

It's time for football, which can only mean one thing-summer is officially over. In many areas we are starting to see the changing weather. This means more time spent indoors and relying on ventilation systems for the air you breathe. It is a good idea to change furnace filters, check furnaces, and humidifiers for maintenance issues; and replace any parts that inhibit the optimum performance of the air ventilation systems in your home or office.

## Fume and Odor Panels to help your indoor environment!

Our **Fume and Odor Panels** have the ability to capture chemicals, fumes, gases, and particles. These filters not only protect equipment, but the fragile human lungs.

Custom sizes are available. Call for details. The Panel filters are designed to protect the air handling equipment. Contain a dust filter or optional **ALPHA-STAT FILTER**.

The answer to today's changing demand for quality air

**Call and place your order  
TODAY!!!**

## New Products!

### **Crystal Bath Experience Multi-Pure**

The Multi-Pure Crystal bath ball is used for de-chlorinating bath water.

- Requires no plumbing attachment. It works right in the tub
- Removes 90% or more of total chlorine for a healthier bath
- Lasts: 200 baths or one year
- Healthier, younger looking skin.
- Relief from dry skin
- Chlorine is removed quickly when the Crystal Ball is circulated through the bath water.

# Letter from the President

**Fall is finally here, the trees are changing colors. Is the temperature and moisture affecting your health? Our units will help you with what ever you need.**

E.L Foust Co., Inc. is dedicated to providing products and services that help you live a healthier life. One of our most popular products are the Foust Air Purifiers that are designed specifically for people with allergies, asthma and multiple chemical sensitivities. Although the majority of our orders derive from our air purifiers, there are still many people out there who have not tried them. If you refer someone to us you will receive a 10% discount coupon toward your next purchase.

For those customers we ship to by Spee Dee Delivery, we now have return labels available for used cartridges through Spee Dee. Please ask for details when you place your order. Due to DHL service changes we are switching to Fedex for return carts.

On another note, due to the rising cost of steel as well as other raw materials, we regret that we had to raise the prices on our units and also on AFM products. Please contact us for details at **800-353-6878**.

We have tried to stress the importance of returning your used cartridges, and we even supply free return shipping labels to facilitate these returns. In helping us you will receive a \$15 refund for your used cartridges.

***Don't hesitate to ask us any questions!***

-Joe Muchow, President

**E.L Foust Company INC. would like to wish you and your family Happy Holidays!!!**

## Upcoming Events!

## AFM NEWS

Special **5%** off green label clearance sale on selected AFM paints, stains and sealers... while supplies last...contact us for more information.

AMF has been transitioning all of their interior wall paint bases to Zero VOC. If you are interested in the low VOC items, we would have to check availability.

A reminder that the winter shipping schedule will soon be in effect. Depending on where the shipment is going, we will only ship these products, or any of our liquid cleaning products, Monday through Wednesday. Any orders received after those days will ship the following Monday.
