REPLACEMENT CARTRIDGE INSTRUCTIONS - ALL 160 UNITS

CAUTION: YOU MAY WANT TO REPLACE THE CARTRIDGE IN A GARAGE OR OUTSIDE DUE TO CARBON FINES

INSTALLATION

Your new cartridge is ready to install. **(DO OUTSIDE OR IN GARAGE.)** To install, unplug the purifier from the electrical outlet and turn it on its side. Unscrew the wing nut at the bottom and remove the silver base plate on which the purifier sits. Remove the old cartridge and set aside. Do not remove the gasket resting inside the top plate. Place the new cartridge firmly into the top plate, replace the bottom base plate and tighten the wing nut. Make sure that the cartridge sits centered on the bottom base plate.
