*"I first discovered you when I lost my grandmother and I was in a funk. You picked me out of a crowd of 100 people and brought my grandmother through to me.*

*The healing that ensued after that event, and a subsequent private session, is something that I will never be able to properly thank you for.*

*You are amazing, in so many ways, and I am grateful that you came into my life. "*

*~Geri, Client Testimonial*
