Regional Summit on Dropout Prevention

8:00 am - 9:00 am Registration

9:00 am - 2:00 pm Program

On time graduation rates have hit an all time low in the United States. In Spokane County, the on time graduation rate is 69 percent; meaning one out of every three students will drop out of school.

The **Regional Summit on Dropout Prevention** is an interactive forum to bring forth ideas to motivate kids to stay in school. Panel discussions and breakout sessions will focus on issues youth face today and ways to equip students, parents, educators, business and community members with knowledgeable information and resources to prevent students from dropping out of high school.

Keynote speaker, **Marguerite W. Kondracke**, President and CEO of American's Promise, will address the need to prepare youth for the real world and develop fundamental skills at a young age. She will also provide information on national movements to help improve the dropout rate.
